

HUNTERS FOR EAGLE CONSERVATION

NEW YORK

**Offering rebates of up to \$60
on the purchase of non-lead ammo**

Deer hunters can participate in a study on how the **voluntary** use of non-lead ammunition can improve the health of eagles.

If you are a licensed deer hunter in New York, you are eligible for a rebate of up to \$60 on qualifying ammunition.

Participants will be asked to complete a short survey prior to, and after, the 2025 hunting season.

Be sure to save your receipt for certified non-lead ammo! And visit our site for more information about this project and how to get your rebate:
